6	Annual Rent Increment	16
7	Key Figures & Financial Summary	16

1. Overview & Purpose

GodownOS is a dedicated invoice tracking and generation dashboard built for warehouse landlords in India. It replaces manual Excel sheets and WhatsApp follow-ups with a structured, automated system covering the full rental lifecycle — from onboarding a tenant company to confirming rent receipts and generating financial summaries.

This document provides a complete end-to-end walkthrough of the dashboard using a real-world scenario: Venus Pvt. Ltd. (the warehouse landlord) renting a 50,000 sq.ft. facility to Pepsi Co. Every tab and feature of the dashboard is demonstrated in sequence, exactly as a user would interact with it on a day-to-day basis.

The dashboard consists of eight core modules:

- Dashboard — Key stats, revenue chart, and recent invoice list
- Companies — Tenant registration and contract management
- Invoice History — Searchable log of all invoices with status tracking
- Members — Receiving entity (landlord/person) management
- Email Settings — Per-company email mapping for automated dispatch
- Invoice Generator — Manual invoice creation linked to tenant data
- Payment Reminder — Time-locked reminder email trigger
- Payment Confirmation — Receipt logging with TDS reconciliation

2. Scenario Details

The following parties and contract details form the basis of every example in this document.

Landlord (Warehouse Owner)

Company Name	Venus Pvt. Ltd.
Address	Paldi, Ahmedabad
GST Number	24AAXX00
Bank Name	HDFC Bank
Branch	Paldi Branch
IFSC Code	HDFC0001
Account Number	123456
Contact Email	abc@xmail.com

Tenant (Lessee)

Company Name	Pepsi Co.
Signing Authority	Vivek Shah
GST Number	24XXAA99
Registered Address	456 Mumbai, Maharashtra
Contact Email	pepsico123@ymail.com

Warehouse & Contract Terms

Warehouse Address	123 Main Street, Aslali, Ahmedabad - 382427
Area	50,000 sq.ft.
Rate per sq.ft.	Rs. 10
Base Monthly Rent	Rs. 5,00,000
GST Type	IGST @ 18% (inter-state: Maharashtra to Gujarat)
GST Amount	Rs. 90,000
Total Monthly Invoice	Rs. 5,90,000
Possession Date	01/01/2025
Annual Rent Increment	5% every year
Next Increment Date	01/01/2026

Invoice Send Date	25th of every month (for following month)
Rent Due Date	5th of every month
Payment Reminder Buffer	5 days after due date (triggers on 10th)

3. Dashboard Features

Below is a reference summary of all eight tabs in the GodownOS dashboard.

Tab / Feature	Purpose	Key Actions
Dashboard	At-a-glance summary of all financial activity	View revenue, invoice count, company count, monthly chart
Companies	Manage tenant companies and contract terms	Add, edit, delete companies; set rent, increment, and dates
Invoice History	Full log of all invoices sent	Search, filter by status (Sent / Pending / Failed)
Members	Manage who receives the rent payments	Add company or individual as receiving member with bank details
Email Settings	Configure email routing per company	Set recipient, sender, CC, BCC per tenant company
Invoice Generator	Create and send invoices manually	Auto-fill from company data; generate PDF; send via email
Payment Reminder	Send overdue payment reminders	Button unlocks after due date + buffer days; one-tap send
Payment Confirmation	Log and reconcile received payments	Enter amount after TDS, TDS amount, date, bank received in

4. Step-by-Step Walkthrough

The following walkthrough is narrated from the perspective of Kaushik Patel, Director of Venus Pvt. Ltd. Today is the first day of using the GodownOS dashboard after signing a lease agreement with Pepsi Co.

STEP 1 — Companies Tab

Register Pepsi Co. as a Tenant

The first task is to register Pepsi Co. in the system so all subsequent actions — invoice generation, email routing, payment tracking — are linked to this company record.

Navigate to the Companies tab and click Add Company. Fill in the following fields:

Company Name	Pepsi Co.
Signing Authority	Vivek Shah
GST Number	24XXAA99
Registered Address	456 Mumbai, Maharashtra
Warehouse Location	123 Main Street, Aslali, Ahmedabad - 382427
Area	50,000 sq.ft.
Rate per sq.ft.	Rs. 10
Monthly Base Rent	Rs. 5,00,000
Possession Date	01/01/2025
Annual Increment	5%
Next Increment Date	01/01/2026
Invoice Send Date	25th of every month
Rent Due Date	5th of every month

Click Save. Pepsi Co. now appears in the tenant list with all contract details stored. Every invoice, reminder, and payment confirmation going forward will reference this record automatically.

STEP 2 — Members Tab

Confirm the Receiving Entity

Before generating any invoice, confirm that Venus Pvt. Ltd. is correctly set up as the receiving member — this data populates the payee section of every invoice.

Navigate to the Members tab and verify or create the following entry:

Member Type	Company
Company Name	Venus Pvt. Ltd.
Address	Paldi, Ahmedabad
GST Number	24AAXX00
Bank Name	HDFC Bank
Branch	Paldi Branch
IFSC Code	HDFC0001
Account Number	123456

This ensures every invoice auto-fills the correct landlord bank details in the payment instructions section without manual re-entry each month.

STEP 3 — Email Settings Tab

Configure Email Mappings for Pepsi Co.

Set up the email routing so the Invoice Generator knows exactly where to send the invoice and who to copy.

Company	Pepsi Co.
Recipient (Lessee Email)	pepsico123@ymail.com
Sender (Landlord Email)	abc@xmail.com
CC Address	(Optional — leave blank for now)
BCC Address	(Optional — leave blank for now)

Once saved, the Invoice Generator will auto-fill these email addresses every time an invoice is created for Pepsi Co. No manual email entry is required from this point forward.

STEP 4 — Invoice Generator Tab

Generate the February 2025 Invoice

It is 25th January 2025 — the scheduled invoice send date for the February rent cycle. Navigate to the Invoice Generator tab. Because Pepsi Co. is already in the system, most fields auto-populate from the company record.

Review and confirm all invoice details before sending:

Field	Value
Invoice Number	INV-001
Invoice Date	25/01/2025
Invoice Period	February 2025
Landlord (Payee)	Venus Pvt. Ltd., Paldi, Ahmedabad
Tenant (Payer)	Pepsi Co. — Vivek Shah
Warehouse Address	123 Main Street, Aslali, Ahmedabad - 382427
Area	50,000 sq.ft.
Rate per sq.ft.	Rs. 10.00
Base Amount (Sub-total)	Rs. 5,00,000
GST Type	IGST @ 18% (inter-state transaction)
IGST Amount	Rs. 90,000
Total Payable	Rs. 5,90,000
Payment Bank	HDFC Bank — Paldi Branch — IFSC: HDFC0001
Account Number	123456
Recipient Email	pepsico123@ymail.com
Sender Email	abc@xmail.com

Note: GST Type Explanation: Since Pepsi Co. is registered in Maharashtra (GST: 24XXAA99) and the warehouse is in Gujarat (GST: 24AAXX00), this is an inter-state transaction. Therefore IGST @ 18% applies (Rs. 90,000) rather than CGST + SGST split. The dashboard should auto-detect this from the two GST numbers.

Click Generate & Send. The system creates a PDF invoice and dispatches it to pepsico123@ymail.com from abc@xmail.com. The invoice status is immediately logged as Sent in Invoice History.

STEP 5 — Invoice History Tab

Verify the Invoice Was Sent

Switch to the Invoice History tab to confirm the invoice was dispatched successfully.

Invoice No.	Tenant	Period	Amount	Sent Date	Status
INV-001	Pepsi Co.	Feb 2025	Rs. 5,90,000	25/01/2025	Sent

The status shows Sent. You can search by company name, filter by status (Sent / Pending / Failed), or sort by date. No action is required — the log is automatically maintained each time an invoice is generated or a payment confirmation is entered.

STEP 6 — Payment Reminder Tab (Hypothetical)

Send a Reminder if Payment is Overdue

In this scenario, Pepsi Co. paid on time (1st February) so no reminder was needed. However, the following explains how the reminder feature works for future reference.

Rent Due Date	5th of every month
Buffer Period	5 days
Reminder Button Unlocks On	10th of every month (5th + 5 buffer days)
Reminder Sent To	pepsico123@gmail.com
Invoice Referenced	INV-001 — Rs. 5,90,000 — Due: 05/02/2025

On the 10th February, if no payment confirmation has been entered, the reminder button for Pepsi Co. becomes active. Clicking it sends a formal payment reminder email auto-populated with the invoice number, amount due, and original due date. The invoice status in history updates to Pending.

Note: The reminder button can only be tapped once the due date plus the buffer period has passed. This prevents premature or accidental reminder emails being sent to tenants.

STEP 7 — Payment Confirmation Tab

Log the Received Payment

Pepsi Co. made their payment on 1st February 2025. Navigate to the Payment Confirmation tab and enter the receipt details. Note that TDS (Tax Deducted at Source) has been deducted by the tenant before remitting the amount.

Company	Pepsi Co.
Invoice Reference	INV-001
Amount Received (after TDS deduction)	Rs. 5,80,000
TDS Amount Deducted by Tenant	Rs. 10,000
Total Reconciled (5,80,000 + 10,000)	Rs. 5,90,000
Date of Receipt	01/02/2025
Bank Received Into	HDFC Bank

Click Confirm. The system reconciles the payment: Rs. 5,80,000 received in bank plus Rs. 10,000 TDS deducted at source equals the full invoice value of Rs. 5,90,000. The invoice status in Invoice History automatically updates from Sent to Paid.

Note: TDS Clarification: Under Indian tax law, commercial rent above a threshold is subject to TDS. The tenant (Pepsi Co.) deducts this at source and deposits it with the Income Tax Department on behalf of Venus Pvt. Ltd. Venus Pvt. Ltd. can claim this TDS credit when filing their tax return. The total invoice value remains Rs. 5,90,000 — it is simply received in two parts.

STEP 8 — Main Dashboard

End-of-Month Summary View

Open the main Dashboard tab. After completing the full cycle, the dashboard now reflects an up-to-date summary of all activity for Venus Pvt. Ltd.

Metric	Value	Notes
Total Revenue (Feb 2025)	Rs. 5,90,000	Rs. 5,80,000 cash + Rs. 10,000 TDS
Active Tenant Companies	1	Pepsi Co.
Invoices Sent	1	INV-001
Invoices Paid	1	INV-001 — fully reconciled
Invoices Pending	0	All cleared
Monthly Revenue Chart	Rs. 5,90,000	February bar populated

The dashboard provides a clean, real-time view of financial health. As more months accumulate, the monthly revenue chart builds a rolling historical view, and the recent invoices list shows the last several transactions at a glance.

5. Monthly Cycle Summary

The following table shows the complete monthly cycle for the Pepsi Co. tenancy, illustrating how each feature is used in sequence every month.

Date	Action	Tab Used	Outcome
25th of Month	Generate and send invoice for following month	Invoice Generator	Invoice created as PDF, sent by email, logged as Sent
5th of Month	Rent due from tenant	Invoice History	Monitor status — expecting payment by this date
10th of Month*	Send payment reminder if unpaid	Payment Reminder	Reminder email sent, status updated to Pending
On Receipt	Log payment received from tenant	Payment Confirmation	Amount + TDS entered, invoice marked Paid
Anytime	Check overall financial position	Dashboard	Revenue chart, stats, and recent invoice list updated
1st Jan (Annual)	Update rent rate by 5%	Companies	Rate updated from Rs. 10 to Rs. 10.50/sq.ft.

* Reminder button only activates after due date plus buffer period (5 days). In this scenario: 5th + 5 days = 10th of the month.

6. Annual Rent Increment

On 1st January 2026, the system flags Pepsi Co.'s rent increment date based on the contract details stored in the Companies tab. The user navigates to Companies, selects Pepsi Co., and updates the rate.

Parameter	Before (2025)	After (2026)
Rate per sq.ft.	Rs. 10.00	Rs. 10.50 (5% increase)
Base Monthly Rent	Rs. 5,00,000	Rs. 5,25,000
IGST @ 18%	Rs. 90,000	Rs. 94,500
Total Monthly Invoice	Rs. 5,90,000	Rs. 6,19,500
Next Increment Date	01/01/2026	01/01/2027

From the 25th January 2026 invoice onwards, all calculations automatically use the updated rate of Rs. 10.50 per sq.ft. No manual recalculation is required.

7. Key Figures & Financial Summary

Description	Amount (INR)
Warehouse Area	50,000 sq.ft.
Rate per sq.ft. (Year 1)	Rs. 10.00
Base Monthly Rent	Rs. 5,00,000
IGST @ 18%	Rs. 90,000
Total Monthly Invoice Value	Rs. 5,90,000
Annual Revenue (Year 1)	Rs. 70,80,000
TDS Deducted per Month (approx.)	Rs. 10,000
Net Cash Received per Month	Rs. 5,80,000
TDS Claimable Annually	Rs. 1,20,000
Rate per sq.ft. (Year 2 from Jan 2026)	Rs. 10.50
New Monthly Invoice (from Jan 2026)	Rs. 6,19,500
